There are no common work activities.

Tools and Technologies that Both Occupations Have in Common

Similarity of Focus Occupation to Associated Occupation: 87

Focus Occupation: Health Diagnosing and Treating Practitioners, All Other (29-1199)

Associated Occupation: Registered Nurses (29-1111)

Tools and Technologies	Exclusivity
Acute care monitoring units and related products	22
Airway management products	30
Ambulation and transfer and positioning aids for the physically challenged	27
Anesthesia apparatus and accessories and supplies	47
Autoclave and sterilizer equipment and accessories	12
Blood pressure units and related products	11
Business function specific software	1
Cardiac pacemakers and related products	43
Casting and splinting supplies	25
Clinical and diagnostic analyzers and accessories and supplies	18
Computers	1

Content authoring and editing software	1
Data management and query software	1
Diagnostic assessment and exam products for general use	21
Electrocardiography EKG units and related products	20
Electrotherapy equipment	31
Emergency medical services extricating and immobilizing and transporting products	35
Emergency medical services resuscitation products	15
Endoscopes and accessories and related products	37
Enema administration supplies	31
Finance accounting and enterprise resource planning ERP software	2
Floor grade instruments	30
Hearing testing products	31
Heat and cold therapy products	29
Hydrotherapy products	33
Industry specific software	1
Information exchange software	1
Injection and aspiration needles and accessories	25
Intravenous and arterial cannulas and catheters and accessories	29
Intravenous and arterial tubing and administration sets and related products	22
Intravenous infusion pumps and its analyzers and sensors and its accessories	31
Intubation supplies	21
Laboratory centrifuges and accessories	13
Laboratory incubating equipment	20
Manual test kits and quality controls and calibrators and standards	33
Medical equipment transport and transfer products	70
Medical exam size measuring devices	24
Medical gloves and accessories	19
Medical staff clothing and related articles	17
Medical suction and vacuum products	33
Medical thermometers and accessories	31
Medical tissue closure and related products	47
Medical ultrasound and doppler and echo imaging products	19
Medical weight scales	35
Nasoenteric tubes	43
Network applications software	1
Neurological exam products	30
Open heart perfusion equipment and monitors and accessories and related products	43
Ophthalmic diagnostic exam products	27
Orthopedic softgoods for lower extremity	33
Orthopedic softgoods for upper extremity and torso	35
Orthopedic traction supplies and accessories	40
Oxygen therapy delivery systems and devices	13
Patient point of care testing supplies and equipment	23
Personal communication devices	2
Positive mechanical pressure ventilators and accessories	31
Pulmonary function testing and treatment products	24
Pulse oximeters	18
Rehabilitation exercise devices and equipment	24

Respiratory humidity and aerosol therapy products	31
Respiratory monitoring products	29
Scopes and specula and accessories for medical exam diagnostic use	23

Surgical hand drills and reamers and puncturing instruments and accessories and related products	62
Surgical support supplies	33
Suture and related products	23
Syringes and accessories	14
Temperature and heat measuring instruments	6
Thoracentesis products	47
Urological supplies	40
Vascular imaging and interventional cardiology and cardiac catheterization lab products	40
Viewing and observing instruments and accessories	4
Vision protection and accessories	3

Not all positions in these occupations will necessarily use all of the listed tools and technologies. The exclusivity rating is an indication of how unique the tool or technology is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations use that tool or technology.
